

Who We Are & Our Philosophy

As a spinoff from ACH Payment Solutions, PayItToday focuses on helping businesses succeed. PayItToday has established itself as an industry leader for bill payments, with one of the most extensive real-time cash payment networks in the country. By forging relationships and building products and services around an extensive network of companies, PayItToday has created best-in-class services that are not encumbered by a one-size-fits-all approach. Our suite of services allows our customers the advantage of selecting the best payment methods and solutions to suit their business needs!

PayItToday's service philosophy starts with viewing our customers' business as our own. We build solutions around simple API methods and streamlined integrations, recognizing that time to market is key. We recognize that everyone is busy, so we make connecting our services to yours easy, practical and less time-consuming.

Our focus is on your business and how our payment methods provide solutions, we do this so you can focus on your business. Whether it is selling utility, phone, collections or other unique services like commissary and prepaid energy, we provide a simple, trustworthy transfer of cash and real-time notification when it happens.

Our retail payment locations provide easy, guaranteed payments, completely secure, and simple to operate solutions to any of your payment processing needs. The innovation and vision of our management team sets the stage to uncover the latest technical advances to further enhance your journey with us.

PayItToday, with its nationwide network of sales agents, offers the unique advantage of strategically establishing new payment locations targeted to the specific location, convenience and demographic of your company's client base.

Business is increasingly complicated these days thanks to advancements in technology, expanding markets and the ever-present 24-hours of operation. Yet with all the drivers, changes and improvements, what remains at the heart of good business and business practices are relationships. Those relationships are the foundation of what we do.
